CITY ACCEPTS BID FOR GASOLINE AT RATE OF 17c PER GAL.

Daniel E. Dolan Appointed To Fill Council Vacancy

Daniel E. Dolan, local building contractor, was appointed to fill a vacancy on the Daly City city council last Monday night. Dolan will succeed John E. Craig, resigned, to the council seat.

Unanimous approval of Dolan as their colleague was voiced by all councilmen, after they had accepted the resignation of Councilman Craig. Craig's communication, dated November 29, was acted upon after nearly a month's delay.

Dolan, a member of the board of review and once a candidate for county supervisor, was nominated to the post by Edward J. Dennis. No other nominations were made.

Other action taken by the councill in its Monday night session included the acceptance of a bid by the Rio Grande company for gasoline for city use at the price of 17 cents per gallon;

Resolution recommending that the federal government allocate $500,000,000 each year for road construction and improvement during the three year period 1949-51, the amount allocated to that period during the three year postwar period;

Denied a request by the Western Venetian Blind company that a specific lot on Junipero Serra boulevard be rezoned from commercial to light industrial, on the grounds that the nature of proposed manufacture could safely come under the head of commercial;

Endorsed a resolution that the city would, over a period of three years, reimburse the Hillside Manor subdivision for moneys spent in the installation of sewers on subdivision property, after such time as the sewers had been installed;

Commended local police and fire departments for their patrol and attention at the community's theatre Christmas party for children last Monday.

Brownie Girls Entertain Mothers At Party

Girls of Brownie Troop No. 15, meeting last Monday at Mrs. Kay Sundermann's home on San Pedro avenue, entertained their mothers with a gala Christmas party.

Christmas carolling occupied the larger part of the afternoon, while the remainder was spent making gifts for the youngsters' parents.

Refreshments were served by the hostess.

Erickson's Brother Dies In Portland

Nils Erickson, of Portland, Oregon, brother of Fritz Erickson, manager of the Daly City Bank of America, died last week.

The deceased, a native of Norway, had been a resident of Portland for the past 25 years. He was a jeweler and optician.

Besides his brother, Erickson leaves his widow, Gertrude; three sons, Clifford, of California, Gordon, of Oregon, and Lieutenant Bill Erickson, of Washington, D. C.; two sisters, Agathe Leirevaag of Norway and Kitty Miller of Berkeley, and another brother, Karl Erickson of Norway.

Rockaway Quarries Sued For $100,000

Suit for $100,000 in punitive and personal injury damages has been filed against the Rockaway Quarries, Rockaway Beach, in superior court.

The suit is filed by June and Delfina Alonso, minors through their mother, Mabel Alonso. Thomas L. Bocci of the Daly City firm of Fahey, Bocci and Gallen is attorney for the plaintiffs.

The Alonso girls seek to recover $25,000 each in punitive damages and $25,000 each for shock and resultant nervousness which they allege was caused by blasting in the vicinity of their home near the Rockaway Quarries.

Church Denied Permit By Planning Commission

For the first time in many years, the San Mateo County Planning Commission last Monday denied a request for permit to build a church.

The permit was requested by the Rev. Thomas J. McKeon of Menlo Park on behalf of the San Francisco Catholic archdiocese. A site has been chosen near Woodside road on Alameda de las Pulgas.

The request was denied on insistence of nine residents of the Alameda district that their residential section be spared from occupancy by "any church or school, which necessarily would involve the ringing of bells and assemblages of people."

A petition of 27 names opposing the construction also was received.

Duplicate Fee Is Raised To $1

Many motorists are submitting incorrect fees for duplicate registration cards and certificates of ownership, causing themselves unnecessary delay, Edgar E. Lampton, director of motor vehicles, said this week.

"Fees for duplicates of these documents have been raised from fifty cents to one dollar," Lampton explained.

"The new fees have been in effect since July 1, 1947, but there still are many application blanks in the field which bear the old amount. Applicants should remember that the duplicate fee now is one dollar."

New Girl Scout Troop Organized

A new troop of Girl Scouts of America has been organized in Daly City.

Nine youngsters comprise the group, which already has been divided into two patrols. At their first meeting December 17, the girls elected to wear yellow tie insignias.

Patrol No. 1 officers chosen were Joann Meadows, president; Shiela Sullivan, vice-president, and Peggy Sorenson and Virginia Farrel, members at large.

Dona O'Dell will be president of Patrol No. 2; Janet Cirimele, vice-president; Patsy Boyle, treasurer, and Wilma Hathaway and Darlene Haynes, members at large.

Wilma Hathaway, troop scribe, has announced that the next meeting will be held January 7.

Band Plays To Capacity House At Sunday Concert

The Daly City Band played to a capacity house last Sunday in the new auditorium of Our Lady of Perpetual Help school, featuring a Christmas program.

Trixie Beeson, president of the band, was master of ceremonies. Mayor Melford Battye opened the program with an address of welcome and gave an outline of the band's activities for 1947. The trophies and the navy plaque were on display and viewed by the entire audience.

Majorette Loraine Matulich was introduced and gave a brilliant baton twirling exhibition to the marches played. Drum Major Tipton Banks was introduced and sang the Allah's Holiday theme from the operetta Katinka.

Gonzalo Vilias played Schubert's Ave Maria as a cornet solo ,which was received with great applause from the audience.

The 40-member choir trained by Sister Superior Clarice sang Silent Night and Adeste Fidelis with the band and displayed a remarkable standard of singing.

The French horn quartet played the famous quartet from Von Weber's opera, Der Frieschutz, in a very creditable rendition and received great applause.

Many requests were made that the Daly City Band give another concert next Christmas.

The Band will appear at the annual East-West Shrine game at Kezar stadium New Year's Day for the Shrine Hospital.

Crocker Students, Faculty Are Feted By P.T.A. At Party

Friday, December 19, brought Christmas to the students and faculty of Crocker Elementary school in the form of a party sponsored by the school's Parent Teacher Association.

Ice cream and candy, decorated by Mrs. Edna Mullen, were served by a committee comprising Frances Haussler, president, Eve Hobbs, Betty Kohlbrenner and Mrs. Mullen.

The Christmas tree provided for the occasion by the P.T.A. was decorated by students who brought their own ornaments. Mrs. Haussler expressed her thanks to Mr. Anderson, janitor, who erected a stand for the tree. Anderson was presented with a gift, in appreciation for his services throughout the year.

Brings Suit For Return Of $48,000 To Fiesta Fund

Funds amounting to $418,013.76 which have been paid out for this year's county fiesta were the object of a suit filed last week in superior court by Roy F. Shean of Burlingame, a taxpayer.

The action seeks a court order forcing the board of supervisors, County Treasurer A. H. Sagehorn and the San Mateo County Fair Association to reimburse the county for that amount, on the grounds that claims paid out by the treasurer have not been ratified by Frederick Peterson, county executive — that Peterson had not even ratified the resolution under which the fiesta commission operates.

Although Shean was reported to be a neighbor of Peterson, the county executive denied having anything to do with the suit, or even knowing Shean.

"But it's about time something like this was brought up," Peterson added.

Preliminary investigation of the fiesta records was made in Sagehorn's office, Shean charged, but was not completed because the treasurer allegedly refused to allow a further check. Sagehorn answered that he acted on opinions submitted by the state attorney general and that he did not refuse to show records to the state investigator.

Shean's complaint further stated that he had placed the matter before the district attorney, asking that action under the state political code covering illegal disbursement of public funds be taken. He said, however, that the district attorney failed to take action.

Royal Neighbors Enjoy Christmas Celebration

A turkey dinner replete with all the festive trimmings highlighted the annual Christmas celebration of the Royal Neighbors of America December 19 in Little Italy hall.

Parlor games and a gift exchange among secret pals featured the after-dinner entertainment. Mrs. Cora Ray, out-going vice-oracle, furnished many of the prizes.

The group's next meeting is slated for January 2.

Granger Issues Warning To Vets Who Sell Homes

Ex-service men and women who have used GI loans to buy their homes are advised by Floyd D. Granger, Veterans Service Officer, not to sell their property without first making certain that their interests are protected.

Veterans Administration officials warn that a veteran is inviting trouble if he consents to any sale of his property whereby the purchaser merely takes over the existing loan. In such a case, the veteran remains personally responsible for the payment of the loan. In selling a home financed under a GI loan, Granger added, the veteran should demand that the purchaser either pay cash or arrange a loan in his own name. Then the veteran should see that his own note is marked paid and that the lien on his property is marked satisfied on court records.

If a veteran consents to a sale in which the purchaser merely assumes the existing indebtedness, and the new owner fails to keep up his payments, the lending institution may foreclose and force a trustee's sale where the property might be sold at less than the amount of the remaining debt.

In this event, the difference remains a debt against the veteran. The government will pay the lending agency for any portion of this debt which is guaranteed, and the veteran will then owe this amount to the government. However, if part of the remaining debt is not guaranteed, the veteran will continue to owe this portion to the lending agency.

Plumbing Truck Damaged In Mission Street Accident

A brand spanking new truck owned by the A. M. Harrison Plumbing and Heating shop was scarred and perforated last week after a broadside collision with a San Francisco Railway Co. trolley on Mission street.

Euclid Cardellini, 10 Shakespeare, driver of the plumbing equipment truck, was driving north on Mission between Crocker and Templeton streets and assertedly attempting to make a left turn, when the accident occurred.

Gasoline from the truck's punctured tank flooded the street, as the vehicle skidded to a parallel position with the curb.

John R. Norton, 82 Florentine street, San Francisco, motorman of the street car, told the police he was proceeding north on Mission street when the huge orange colored truck swerved to the left in front of him. He applied the brakes, he said, but hit the Harrison vehicle broadside, pushing it further down the hill.

County Population Jumps 15 Per Cent Since Last Year

An all-time peak in population of San Mateo county was recorded last week by the California Taxpayers' Association. Its figure was 207,000.

Total population is 27,100, or 15 per cent higher than December, 1946, the association said, and 95,220, or 85 per cent higher than registration in the 1940 census shows.

Growth in population here compares with the widespread growth all over the state — 368,500 over the estimate for last year.

Only six counties in California, the association said, have shown a decrease in population. Alpine county is the only one which has remained stable.

Biggest relative growth was found in Contra Costa county, where the population had nearly trebled, with 190 per cent above its 1940 registration.

THE difference between 1947 and 1948 can be measured in the imperceptible tick of a clock, in the clasp of a hand or in a chorus of Auld Lang Syne. It is the sum of the past, gathered in a moment, and perhaps a swift vision of the future.

When the New Year pauses on that pinnacle of time to draw its first breath, the distance which separates our dreams from their fulfillment appears to be but a short step. Yet, in the same instant, we glance back at the past lying across a gulf too wide for crossing. We find ourselves on a pivot of eternity.

The real significance of the New Year lies in the fact that it marks a rebirth of the will to achieve, and of ambition and hope over the world and among the world's peoples.

We dedicate that renewal of strength to all of you, as we, the publishers, wish you a most sincere

HAPPY NEW YEAF

Supervisors Met With The Charter Study Committee

Members of the Board of Supervisors were invited guests recently of the County Charter Study Committee at a luncheon meeting at the Villa Chartier. The entire Board and all seven members of the Committee were present.

Chairman John D. Bromfield of the Charter Study Group stated today that the meeting was in line with the Committee's policy of asking questions of various county boards and commissions. "We reported progress," he said, "but did not disclose to the Supervisors any conclusions reached by us so far regarding operation of the present charter. We have invited the County Executive to attend our next meeting January 6, and he has accepted the invitation. Subsequent meetings will be held with various county boards and commissions."

Pedigreed Dogs Burn In Fire

Six pedigreed dogs died in the flames of a ravaging fire which almost completely gutted the home of Mrs. D. Adams, 154 San Diego avenue, last Saturday.

Mrs. Adams told police she had left the house to visit a neighbor, and upon her return found the interior a well of licking flames.

Firemen believed the fire was caused by shorted wiring on the kitchen refrigerator.

MANY NEW BOOKS FOR CHILDREN NOW AT LIBRARY

The Daly City Public Library has a sizeable number of new books on its shelves which should prove popular with children. Volumes of romance and intrigue are included in the new selection, as well as true tales of far-off lands.

Jared's Island, by M. Angeli; Topsy, by Beatty; Benjamin Busybody, by L. Beim; Lullabies, by I. Bertail; Taffy and Joe, by E. Burton; Animals Here and There, by Doane; Hide-away Ducklings, by J. Flory; By-line Dannie, by N. Frazier; Conny and Uncle Dick, by R. Gay; Joke on Cinder, by R. Gay; Haby and Sue, by R. Gay.

Heydays and Holidays, by L. Harris; Misty of Chincoteague, by M. Henry; Always Reddy, by M. Henry; The Dog That Came True, by D. Duff; Abraham the Itinerant Mouse, by Don Hutter; First Nursery Stories, by F. Kent; Mothers Helpers, by F. Medon; Away Went Tippy, by H. Osgood; What Animal Is It? by A. Pistorius; Curious George Takes a Job, by H. Rey; Micky's Bugle, by J. Rietreld; Bambi, by F. Salten; Mr. Doodle, by S. Scott; The Great Heritage, by K. Shippen; Sleuth Patrol, by M. Wellman, and the Cherry Ames, Nurse Series, by Helen Wells.

Julius Castelan Wins Back His Job As Demo. Leader

Internal squabbling within the San Mateo County Democratic Central Committee culminated last Monday night with the election to office of a thoroughly pro-Truman faction headed by Julius F. Castelan of Daly City.

The election, held in the courthouse at Redwood City, was a complete turnabout in voting trend. Less than two weeks before, the committee had ousted Castelan from chairmanship in a dramatic "trial" at Burlingame. At the same time, the Daly City engineer secured a strength for elected committee members over appointed members.

Other members elected to serve in the new administration are Harold Bailey of South San Francisco, secretary; William Quantrell of Burlingame, treasurer, and William I. Farmer of San Bruno, vice-chairman.

Another victory for elected officers and members was gained, through Castelan's instigation, with the adoption of procedure set down in Robert's Rules of Order. These provide that two-thirds of the membership must be present to impeach an officer, and that he must be informed beforehand of the opposition's intent.

Robert J. Omearha was elected to membership at last Monday's session.

Recommendation of a postmaster for Burlingame, and initial campaign work for eighth district congressmen is expected at the next committee meeting, January 22, in Redwood City.

ASST. FIRE CHIEF DIES OF HEART ATTACK SUNDAY

Last rites for Albert R. Silicani, 57, Daly City assistant fire chief and well-known member of the community, will be held at 2:30 p. m. Wednesday from the parlor of the W. C. Lasswell Co.

Silicani died shortly after noon last Sunday, after suffering a heart attack an hour earlier. He died at Mary's Help hospital.

The deceased, a life-long resident of this vicinity, resided at 176 Werner avenue in Colma. He is survived by his widow, Mary, and a son and daughter, Albert A. Silicani and Mrs. Florine Anisky.

Interment was in the Italian cemetery.

Lizettia Jencks

Lizettia Indiana Jencks, 80, 146 Woodrow street, died last Friday night at her home, after a lingering illness.

Funeral services were scheduled for 10 a. m. Tuesday, with interment in Cypress Lawn. W. C. Lasswell Mortuary handled arrangements.

Survivors include a son and daughter, John Jencks and Mrs. Pearl H. Higgins; a granddaughter, Mrs. Evelyn Casad, and a sister, Mrs. Kate Booth.

MR. AVERAGE AMERICAN...
WHAT 1948 HAS IN STORE FOR YOU
DON'T DASH FOR THE SCALES NOW, BUT IF YOU ARE AN AVERAGE PERSON YOU'LL CONSUME 1830 POUNDS OF FOOD!
EVERY NEW 1948 BABY, ALONG WITH EVERY MAN, WOMAN AND CHILD WILL OWE $1,987 AS HIS SHARE OF THE NATIONAL DEBT. MULTIPLY THAT BY 140 MILLION PEOPLE AND YOU'LL STAGGER TOO.
WHETHER THE ELECTION GOES YOUR WAY OR NOT YOU WILL BE FREQUENTLY "BURNED UP" DURING THE YEAR, FOR RECORDS SHOW THE AVERAGE CITIZEN WILL USE 10 POUNDS OF TOBACCO.
LIKE TO TRAVEL? YOU'D BETTER, FOR STATISTICIANS SAY THE AVERAGE PERSON WILL TRAVEL 2,400 MILES.
29, BAH!
IF 1948 IS A MOMENTOUS YEAR FOR YOU, LIFE WILL BEGIN AT 29 (NOT 40). THAT IS THE AGE OF THE AVERAGE CITIZEN.
KEEPING THE BABY, (AND YOURSELF) IN SHOES WILL BE A TASK. YOU'LL HAVE TO BUY 4 PAIR FOR EVERY MEMBER OF THE FAMILY. ON TOP OF THAT THE CLOTHING BILL FOR THE FAMILY WILL BE $605.35
WEATHER PREDICTION: FAIR AND WARMER. IT HAD BETTER BE FOR THE AVERAGE WOMAN WILL WEAR ONLY 2½ POUNDS OF CLOTHING; MEN WILL BE BURDENED DOWN WITH 8½ POUNDS.

One of the 7 lovely young coeds in the above picture will soon be named as Queen of the 59th Annual Tournament of Roses held each New Year's Day in Pasadena. Bottom row, left to right, are Arlette Barnes, Sherry Cobb. Center row, left to right: Dorothy Young, Virginia Goodhue and Donna Duggan. Top row, left to right: Lu Jean Galloway, Ethlyn Joyner.

1948

As we hang 1948 calendars on the wall this week, we might well afford to take time out to ponder that this New Year of 366 brand new days which is dawning can be pretty much what we ourselves want to make it.

We can be happy or sad, generous or stingy, wise or foolish, yes, even drunk or sober, as we ourselves wish ourselves to be. That is why New Year's is traditionally a day of resolution, when ofttimes we make decisions to "turn over a new leaf," to remake ourselves along the lines of the idea we wish we were.

Economically and internationally, this remaking business is perhaps a little more difficult but even in these fields there are possibilities. Living in a democracy as we do, if we don't like the way our government is being run or the way our economic system functions, we can go to the polls and do something about it. If we do like them, we can strengthen them with our voices and votes.

So let us look at 1948 not as just another year to be inscribed on Time's endless scroll. Let us look at 1948 as a New Year of opportunity to do something to make ourselves and our world, as we would like them to be, "the best of all possible people in this best of all possible worlds."

LEAP YEAR

The manhunting season is on. Every unmarried male is a legitimate target. And every unmarried woman has a license to track down the man of her choice and get his name on a marriage license—if she can.

History doesn't show clearly where this idea originated of making leap year a combination of 366 Sadie Hawkins days. Back in Scotland, however, in 1288 a law was passed giving the unmarried gals a free hand at man-snaring every fourth year. The law provided that if the man refused her without good reason, such as already being betrothed, he had to pay a fine which varied according to how much he was worth financially.

We don't know yet how rugged the 1948 season will be, but every now and then if you see a man dashing up the street with a blonde in hot pursuit you can be pretty sure that she isn't chasing someone who snatched her purse but is simply exercising her quadrennial privilege.

Well, leap to it, ladies. We wish you every success in your efforts to take a husband. (But be careful whose husband you take.)

SPEAKING OF THE WEATHER

There's plenty of it.

During the Christmas week end New York City was buried in the heaviest snowfall in its history. But, in sunny California—guess what? Why, sunshine of course. Lots of it. Enough to make it very pleasant at the beaches in Southern California.

In one New England town the temperature was 18 below zero. In Los Angeles the mercury hit well above 80. That's only a difference of about 100 degrees. (Could it be that we're boasting about our weather out here?)

Of course, shoveling snow keeps one in pretty good condition if his feet don't get frozen in the process.

Any discussion about the weather would not be complete without some reference to Mark Twain's famous comment on the subject. But, why should we do anything about the weather in California? We're satisfied.

GOOD NEWS

In counting up the debits and credits for 1947 the nation finds that there was a substantial quantity of good news that may have been overshadowed at times by the news that wasn't so good.

The fact that the Federal Government wound up in the black (nor mourning) for the first time in 16 or 17 years was not only good, but remarkable, news. The drop in the national debt from around 280 billion to 257 billion was also very heartening. But, don't expect it to drop that much every year. It won't.

The 860,000 new dwellings started in 1947 won't solve the housing shortage but they will at least provide better living quarters for 860,000 families, and probably a lot more since many of the buildings were multiple-unit structures.

Continued full employment with more than 60 million persons on the job was another chunk of good news that we'd like to have more of in 1948.

So, you see, 1947 wasn't such a bad egg, after all. Of course, it was in hot water a good deal of the time and that's what may have made it seem hard boiled.

Scientists Make Simple Radioactive Sugars

The only method of preparing radioactive simple sugars and starch is being used by University of California College of Agriculture plant nutritionists to make these organic compounds for other scientists to use in possible far-reaching experiments.

Drs. H. A. Barker and W. Z. Hassid are the behind-the-scenes suppliers of these highly useful materials.

The two men actually let a living plant make its own "tagged" starch and sugar, since these substances cannot be made with chemicals in the laboratory. They simply feed radioactive carbon dioxide gas to tobacco leaves inside a closed glass jar for 24 hours. The gas is made by mixing a radioactive chemical with an acid inside the jar.

All plants use carbon dioxide to make starch and sugar. After the plant makes the labeled, radioactive materials, they are then isolated in pure form by chemical means.

There are literally hundreds of uses for these labeled compounds in "tracer" studies, Barker and Hassid say. Radioactive sugar made by them is being used by other men to study diabetes in animals, and later in humans, since the sugar can be traced throughout the body as it is used.

The radioactive carbon used in this work has a half-life of 6,000 years. Experiments are partly financed by the Army Quartermaster Corps.

Spray Early

Spraying to protect your garden should begin before insect or fungus damage is apparent.

ACTIVITY CALENDAR

Sunday, January 4

9:30 a. m.— Sunday School and Bible class, Bethel Lutheran church, 2525 Alemany boulevard.

9:45 a. m.— Sunday school, Grace Church of the Nazarene, Santa Barbara and Vista Grande avenues.

9:45 a. m.— Sunday school, Grace Presbyterian church, Hanover and Evergreen.

9:45 a. m.— Sunday school, Lutheran Church of Our Savior, Junipero Serra and Garfield.

10 a. m.— Sunday school, sponsored by Grace Presbyterian church, Colma Community Center building, Colma.

10:45 a. m.— Divine Worship, Bethel Lutheran church, 2525 Alemany boulevard.

10:45 a. m.— Children's Worship hour, Grace Church of the Nazarene, Santa Barbara and Vista Grande avenues.

10:45 a. m.— Morning worship, Grace Church of the Nazarene, Santa Barbara and Vista Grande avenues.

11 a. m.— Preaching service, Grace Presbyterian church, Hanover and Evergreen.

11 a. m.— Morning worship, Lutheran Church of Our Savior, Junipero Serra and Garfield.

7 p. m.— The Young Peoples Fellowship hour, Grace Presbyterian Church, Hanover street and Evergreen.

7:45 p. m.— Evening services, Grace Church of the Nazarene, Santa Barbara and Vista Grande avenues.

Monday, January 5

2:30 p. m.— Regular meeting, Brownie Troop No. 10, Colma Community Center, Dunks street.

3 p. m.— Regular meeting, Brownie Troop No. 9, 101 Parkview avenue.

8 p. m.— Regular meeting, General Department, DCFD, 188 Santa Barbara avenue.

8 p. m.— Stated meeting followed by a program in charge of Isabell Baker and Joseph Swan. Committee: Florence Kramer and all of the 1947 Appointive Officers. Crocker Chapter No. 382, OES, Masonic temple, 17 Hillcrest Drive.

Tuesday, January 6

1:30 p. m.— Regular meeting, General Pershing PTA, Pershing school.

2 p. m.— Monthly meeting, Colma P.T.A., Jefferson annex, San Pedro road.

3:30 p. m.— Regular meeting, Girl Scout Troop No. 5, No. 4 firehouse, Peoria street.

3:30 p. m.— Regular meeting, Girl Scout Troop No. 3, Recreation hall, 101 Parkview avenue.

7 p. m.— Auto Mechanics class, Jefferson Union High school, 6996 Mission street.

7:30 p. m.— Regular meeting, Sea Scout Ship No. 144, Vista Grande and San Diego avenue.

7:30 p. m.— Stated meeting, dinner at 7 p.m., Crocker Lodge No. 454, F. & A. M., Masonic temple, 17 Hillcrest drive.

8 p. m.— Devotions, Our Lady of Perpetual Help church, 60 Wellington avenue.

8 p. m.— Regular meeting, Daly City Band, No. 5 firehouse, Oliver and Bellevue.

8 p. m.— Regular meeting, Fire Commissioners, DCFD, City hall, 75 Wellington avenue.

8 p. m.— Regular meeting, Frank C. Jordan Colma Post No. 762, Inc., Lovchen Gardens, Hillside boulevard and Chester street, Colma.

Wednesday, January 7

8:30 - 11 a. m.— Regular meeting, PTA Mothersingers, 42 Parkview avenue.

12:10 p.m.— Regular meeting, Daly City-Colma Lions club, Estrada's Spanish kitchen, El Camino real.

3 p. m.— Regular meeting, Brownie Scouts No. 7, No. 4 firehouse, Peoria street.

3:30 p.m.— Regular meeting, Girl Scouts Troop No. 13, Colma Community Center, Dunks street.

7:30 p. m.— Regular meeting, Company No. 1, DCFD, 188 Santa Barbara avenue.

7:45 p.m.— Weekly Prayer meeting, Grace Church of the Nazarene, Vista Grande and Santa Barbara avenues.

7:45 p.m.— Prayer and Praise Service, Grace Presbyterian church, Hanover and Evergreen.

8 p. m.— General meeting, Daly City Unit No. 410, American Legion auxiliary, Legion hall, 474 San Diego avenue.

8:15 p. m.— Regular meeting, El Carmelo Parlor No. 181, NDGW, Masonic temple, 17 Hillcrest drive.

Thursday, January 8

12 noon— Executive board meeting, Jefferson Union High School PTA, at the home of Mrs. Tina Hollingsworth, Colma.

3 p. m.— Regular meeting, Brownie Troop No. 15, 32 San Pedro avenue.

3:30 p. m.— Regular meeting, Girl Scout Troop No. 14, No. 4 firehouse, Peoria street.

3:30 p. m.— Regular meeting, Cub Den No. 7, Pack No. 141, No. 5 firehouse, Oliver and Bellevue.

3:30 p. m.— Regular meeting, Girl Scout Troop No. 2, 101 Parkview avenue.

4 p. m.— Regular meeting, Cub Den No. 1, Pack No. 141, 131 East Vista avenue.

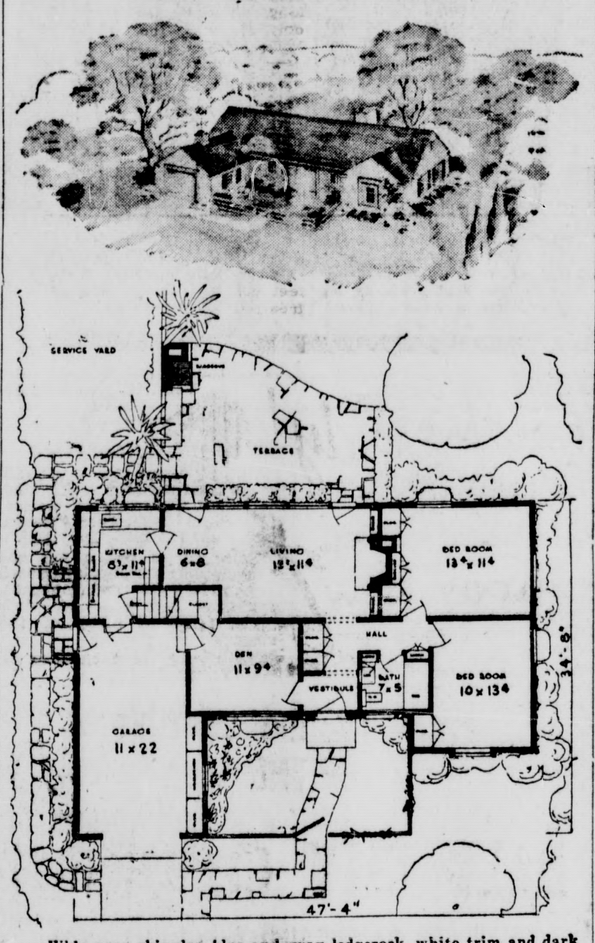
7 p. m.— Auto Mechanics class, Jefferson Union High school, 6996 Mission street.

8 p. m.— Regular meeting, Ladies Auxiliary, Co. No. 4, DCFD, Peoria street.

8 p. m.— Business meeting, Court St. Mary No. 1155, CDA, Masonic temple, 17 Hillcrest drive.

8:15 p. m.— Regular meeting, Colma Vista Grande Aerie No. 1848, FOE, 3346 San Jose avenue.

Small Colonial Home



Wide gray shingles, blue and gray ledgerock, white trim and dark blue-black roof is the color scheme of this home. With the interesting details of the fence, cupola, box bay, ornamental iron hinges and weathervane added against a background of landscaping, the picture is complete. This small colonial home has a full basement and radiant hot water heating installed in the floor construction. It comprises 1011 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for $2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for $5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

Chevrolet Trucks Hit Sales High

For the second consecutive month, Chevrolet truck sales hit a new high, with 29,701 sold during November, it was announced here today by T. H. Keating, general sales manager of the Chevrolet Motor Division.

This figure was 241 units higher than the previous all-time record set in October. The sale of Chevrolet's new "advance-design" line of trucks has mounted steadily since the new vehicles were introduced last summer. These figures represent sales in the United States by dealers to consumers.

The "advance-design" trucks are available in eight wheelbases with a wide variety of body styles to fit nearly every conceivable purpose.

Ducks and Geese

Large numbers of ducks and geese are at present settled around Topaz lake in Mono county, reports the National Automobile Club. Hunting should be good in this area during the second half of the split season.

News Column For The Veterans

The year 1947 saw a number of important developments in the affairs of the nation's eighteen and a half million war veterans and their dependents.

The most important development was the establishment of a red-letter day on the calendar of every World War II veteran — July 25, 1947 — which marked the end of World War II for determining eligibility for most veterans' benefits.

The July.25th date placed a limit on the time World War II veterans have to apply for education and training, G. I. loans and readpustment allowances.

In the legislative field Congress authorized:

1. Increased subsistence allowances for disabled veterans in training under Public Law 16 if they have a disability rating of 30 per cent or more.

2. Extension of the deadline for purchase of autos for amputee-veterans until June, 1948.

3. Extension until September, 1948, the time in which veterans have to apply for unused furlough pay under the Armed Forces Leave Act. Applications may be obtained at any first or second class post office.

4. Conversion of terminal leave bonds into cash.

During 1947 the number of World War II veterans taking advantage of benefits under the G.I. Bill reached new highs. In the VA Branch 12 area (California, Arizona, Nevada and Hawaii) the record fall enrollments in schools and colleges brought to more than 200,000 the number of veterans enrolled in educational courses or on-the-job training.

The Veterans Administration, which is charged with the administration of federal benefits for veterans and their dependents, will start the new year with a new Administrator.

General Omar N. Bradley, who was responsible for rebuilding and expanding the VA in order to care for the 14 and one-half million veterans of World War II, will become Chief of Staff of the Army after more than two years as Administrator of Veterans Affairs.

General Bradley will be succeeded by General Carl R. Gray jr., railroad executive and veteran of both World Wars. General Gray was responsible for organization of the Military Railway Service during World War II and his units took part in tne campaigns in North Africa, Italy, France and Germany.

Question: I would like to change the beneficiary on my National Service Life Insurance policy without letting the old beneficiary know about it. Can I do this?

Answer: Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent.

News Notes From S. M. Jaysee

The Adult Center of the San Mateo Junior College is now issuing its new schedule of sections for the spring quarter which will open January 5.

In addition to the large number of classes held regularly, the Center will open new sections, such as a short course dealing with income taxes, and will also begin other new courses if enough people indicate their desire to attend. While most of the sections meet at night, a number are held during daytime hours; so it is possible for large numbers of adults to be accommodated.

An array of special courses for those interested in problems of home gardening, landscaping, and ornamental shrubs is starting up in January, while vegetable garden plots will be available for all who are interested in starting to raise vegetables for home consumption.

Meanwhile the day college will be entering the last weeks of the fall semester, and is planning extensive campaigning for the elections that will place new officers in power for the spring semester.

The junior college basketball team, victor in the first five games of the season, finally met defeat at the hands of the University of California Blues. The game was a preliminary to the Cal-Wisconsin varsity tilt. The jaysee will play several more practice games during the vacation period, and right after the start of the new year will begin conference playing.

Classwork starts again Monday, January 5, at San Mateo Junior College, following the Christmas holidays, and that evening opens the spring quarter of the college Adult Center. With the addition of several new sections, the number of courses open to adults is now well over 60, with other new ones yet to be started.

Programs for the evening sections have been mailed to present and many former students, while other copies of the schedule may be obtained at the college office on Baldwin avenue in San Mateo or at some of the publiclibraries.

When the college students return Monday they will enter at once a heated campaign leading to elections that will fill student body offices for the spring semester which opens in February. Forty-one candidates are competing for nine offices, with the election set for January 13, and with a run-off vote to follow January 14 to settle all contests not decided by majority vote the first day.

Frank Robinson from South San Francisco, Ken Bogel and John Spears of Millbrae, Fred Benedetti of San Mateo, Jack Thompson of North Palo Alto, Angelo Lucido of Burlingame, and Stan Rodrigues of San Carlos all have their hats in the ring for the presidency. All have been either outstanding in athletics or in holding student offices, or both.

Spring Nuptials For Ray Gamba, Marian Waring

Surprise announcement of Raymond Gamba's betrothal to Marian Waring of San Leandro was made to friends and relatives of the future benedict Christmas day at a dinner party given by his parents, the Louis Gambas, at their new home in San Francisco.

The romantic news was found in hollow walnut shells sealed on place cards at the dinner table.

The benedict-to-be, who recently moved with his family to San Francisco, resided in Daly City for 18 years and attended schools here. His sister and brother are Mrs. Lorelei Hughes and Richard Gamba.

The bride-elect is the only daughter of Mr. and Mrs. Eugene Waring of San Leandro. The young couple is planning a late spring wedding.

Those invited to hear the announcement were Messrs. and Mesdames Gene Waring, Charles Lasher, Richard Hughes, Elliott Thompson of San Rafael, George Lasher, of Petaluma, Sern Widerickson of Napa, Joe Filippo, William Allen and Gerald Allen of Petaluma; the Misses Barbara Lasher, Darlene Lasher, Shirley Filippo, Elinor Salogga, Carolyn Moore; Richard Gamba of San Francisco and Jim Filippo.

The Forests Announce Daughter's Engagement

Something new was added to the usual merry Christmas at the home of Mr. and Mrs. A. Forest at 599 Niantic avenue. On the eve of Christmas they announced the engagement of their daughter, Mrs. Alice Smith, to Neil Rulison, employe of the City of San Francisco and son of Mrs. Louisa Rulison of San Francisco.

Myriad Insects

Entomologists have recorded between six and seven hundred thousand different kinds of insects. Of these only a few thousand are actually pests.

U. C. REPORTS NEW STREPTOMYCIN WORK

New information about how bacteria become resistant to streptomycin has been reported by two University of California Medical School dictors.

Dr. Henry Silver, instructor in pediatrics, and Dr. C. Henry Kempe, research assistant, reported the new findings in the Journal of Immunology.

The doctors tested the resistance of "pure" strains of bacteria, the individual cells of which could not be distinguished from one another by any laboratory means. Colonies obtained from these "pure" strains of intestinal bacteria were grown on chicken embryos.

A wide range of resistance of individual cells from the purest bacteria colony was found. Some of the bacteria could be killed with only a fraction of a unit of streptomycin, while a few could not be killed by exceedingly large amounts of the drug.

The physicians said this may give a laboratory explanation of a phenomenon found in human treatment with streptomycin. For example, if a strain of bacteria can be inhibited by six units of streptomycin, the administration of five units will be useless. This may cause merely the killing off of sensitive components, allowing the resistant bacteria to multiply and become so resistant that the infection cannot be treated by streptomycin at a later date.

Protein Varies

Protein is found in different forms in different foods. Meat is one of the most popular sources. We get animal protein from poultry, fish, eggs and milk and milk products too. Most plant foods contain some protein. We get good plant protein from such foods as cereals, dried beans and peas, from peanuts and soybeans. Animal protein is more complete than plant protein. That is, it comes nearer filling our needs for tissue building and repair. How much protein do we need? The National Research council's yardstick of good nutrition calls for about 70 grams of protein a day for a man; 60 grams for a woman.

Like Pork Best

Pork is the most popular meat in the American diet.

Duck and Goose Hunting

Duck and goose hunting should be good during the second half of the season in Lassen county's Honey Lake valley, Predicts the National Automobile Club. Great numbers of birds have been coming into this area during the past week or two.

Large Stripers Run

Large striped bass have been running up the Sacramento river this week in the Solano and Sacramento counties area, according to the National Automobile Club. Local anglers have taken many of these stripers.

Better Paint Jobs

Not so long ago all automobiles were painted by hand and brush. The custom job had 24 to 30 coats of paint and varnish, laboriously hand applied, rubbed and polished. Most cars today get and need only one or two coats of enamel or lacquer which is sprayed on and dried in a fraction of the time and at a fraction of the cost.

Introduced by Spaniards

The bulk of the castor beans used in the United States has been coming from Brazil in recent years. The castor bean plant was introduced into what is now the United States by the Spaniards 300 years ago.

Nutritious Fare

In 1942 the bureau of home economics and human nutrition of the department of agriculture pointed out that dairy foods consumed in this country supplied 78 per cent of all the calcium, 39 per cent of all the phosphorus, 27 per cent of all the fats, 17 per cent of all the food energy, 24 per cent of all the proteins, 27 per cent of all the vitamin A, and 48 per cent of all the riboflavin intake by humans in this country. With the increase in milk consumption since then, those percentages are even higher.

Light Ray

A light ray can penetrate water 580 feet, University of California scientists determined in wartime research for the navy.

Fertile Java

From fertile, colorful Java—with its chattering monkeys, carabaos working in the fields, and natives dressed in sarongs and earrings—come some of the world's most valuable products. Rubber, quinine, sugar, coffee, tea, tobacco, kapok and teakwood, plus the bountiful crops of rice that help feed the island's own teeming population, are typical items high on the list.

Hanging Furs

Use a sturdy hanger for furs to mold the shoulders. The most queenly furs can be reduced to dowdy appearance by tossing them carelessly over chair backs. And don't crowd furs into a warm, crowded closet, since they'll dry out, crust and mat.

Pressure Saucepan

The pressure saucepan cooks meats and vegetables at a temperature several degrees higher than boiling. This saves time and fuel cost. Only a small amount of water is used, so the loss of water-soluble vitamins and minerals is reduced to the minimum. Color and flavor are also conserved

Color Test

To test material for color fastness, fasten a scrap of the test fabric along with the colored trimming to be used, such as ric rac or tape, to a piece of white cloth. Then carefully wash and iron the material. If the white cloth has picked up any color from the fabric or trimming, the fading will be the same when the garment is made.

Shrub Cuttings

Many shrubs can be grown from cuttings. Ripe, new wood usually is best. Make cuttings 9 or 10 inches long, cut off the leaves and leave only one or two buds at the top. Make clean cuts, set the cuttings deep, partly shaded. Leave them alone until they start growing. When well rooted, they may be transplanted to the nursery or to their permanent place. Set plants in good soil. A mulch of straw or leaves around the plants will hold moisture and shade the ground in addition to adding organic matter to the soil

Mussels Get Free Ride

Very young mussels, called glochidia, attach themselvs to birds' feet and feathers and thus get a free ride to other waters.

Builders of Empire

GUGLIELMO MARCONI
★ 1874-1937 ★

Discoverer of radio. After several years of experimentation Marconi succeeded in sending and receiving radio impulses over a distance of four miles. The year was 1897. The following year saw the establishment of wireless communication across the English Channel, and the first installations of radio aboard ships. Since then has been rapidly perfected the instrument that has been of such wonderful service to mankind.

To Stop Horn Blowing

There is a quick way out of the embarrassment of having the horn start blowing continuously in traffic due either to a short circuit or a jammed horn button, according to the service department of National Automobile Club. It involves nothing more than the removal of one of the wires leading to the horn. It makes no difference which wire, either breaks the circuit and silences the horn.

Ducks Plentiful

Ducks are plentiful along the San Francisco bay near Richmond, Albany, and Berkeley, reports the National Automobile Club.

Steelhead Fishing

Steelhead anglers enjoyed first-rate sport this week near the mouth of the Van Dusen river in Humboldt county, according to the National Automobile Club. Many sizable fish have been taken.

Better Apples

Pruning of apple trees does not increase the total yield but it does increase the amount of marketable fruit. Well pruned trees can be sprayed more effectively than can thick trees

Burn Easily

Molasses and sorghum, like honey, burn easily, so any foods containing them should be cooked at a lower temperature than when sugar is used.

Service to the community. We are pardonably proud of the reputation we've gained in our building material service to our customers. They have always found that for expert guidance in building of any kind it has paid them to come to us FIRST. Why don't you?

For Your '48 Food File

By BETTY BARCLAY

Here are some tested recipes for your 1948 recipe file:

Peach Ice Cream Tarts

1 box quick-frozen sliced peaches, thawed
8 baked 3½-inch tart shells
2 teaspoons lemon juice
1 tablespoon flour
3 egg whites
6 tablespoons sugar
1 pint vanilla ice cream

Drain peaches, reserving juice; arrange peaches in bottom of tart shells and sprinkle with lemon juice. Add peach juice slowly to flour, stirring until smooth. Cook until thickened, stirring constantly. Cool and pour over peaches. Beat egg whites until foamy throughout; add sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until mixture will stand in peaks. Cover peaches with hard ice cream. Pile meringue on top, being sure ice cream is well covered. Place under broiler 3 minutes, or until meringue is browned. Serve immediately.

Quick-frozen peaches, orchard-fresh and flavorsome, are all ready to serve as soon as they are thawed. All their deliciousness was sealed in by quick-freezing within a few hours after they were picked.

Celery Knob Ragout

4 small celery knobs or roots (about 1 pound) or 3 cups coarsely diced celery
2½ cups boiling water
½ teaspoon salt
½ pound ground beef
1 cup 40% bran flakes, crushed
5 tablespoons water
½ teaspoon salt
1 teaspoon finely chopped onion
½ cup cold water
4 tablespoons flour

Peel and cut celery knobs into small cubes. Cook, covered, in boiling water and salt 20 minutes, or until done. Remove from liquid.

Combine meat, bran flakes, 5 tablespoons water, salt, and onion and mix well. Shape into small meat balls and drop, several at a time, into hot celery stock. Simmer. As balls rise to surface, remove; keep hot.

Measure stock and add water to make 1½ cups. Add cold water gradually to flour, mixing to smooth paste; pour into celery stock, stirring vigorously. Cook until thickened. Add celery and meat balls. Makes 4 to 6 servings.

Glazed Ham Patties

1 pound ground smoked ham
1 pound ground fresh pork
1 cup raisin bran
¼ teaspoon salt
Dash of pepper
Dash of thyme
2 tablespoons finely chopped onion
1¼ cup milk

½ cup brown sugar, firmly packed
½ cup corn syrup
3 tablespoons vinegar
1 teaspoon dry mustard

Combine ham, pork, raisin bran, salt, pepper, thyme, onion, and milk. Roll into balls and place in custard cups or large muffin pans. Bake in moderate oven (350° F.) 20 minutes.

Mix together in saucepan brown sugar, syrup, vinegar, and mustard. Bring to a boil and boil 1 minute. Pour 1 tablespoon of mixture over each patty and bake 20 minutes longer. Serve with remaining sauce. Makes 12 patties.

Coffee Creamy Rennetized Milk Drink

2 cups milk (not canned)
2 teaspoons instant coffee
1 package vanilla rennet powder
1 cup cold milk

Dissolve instant coffee in milk. Warm slowly, *stirring constantly*. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (110° F.) *not hot*, remove *at once* from heat. Add rennet powder and stir quickly until dissolved — *not over one minute*. Pour *at once, while still liquid*, into serving pitcher. Do not move until set — about 10 minutes. Then chill. Just before serving, add cold milk. Beat well with rotary beater.

Risky Driving

Next to speed, driving on the wrong side of the road, which includes improper passing, was the most frequent driver violation reported to the National Safety Council in 1945.

Nicknames for Television

Television's nicknames include "tele," "sight-and-sound," "video," "video-and-audio" and "electron pictures."

Shorten Hauls

The average haul of freight in July, 1946, was 420 miles compared with 473 miles in 1944.

Sleep Slows Circulation

That feeling of drowsy half-consciousness on first waking up in the morning is caused by the fact that the circulation of blood is slowed down during sleep. It takes a little while for it to return to normal, for the sleeper to be thoroughly awake.

Canning Peaches

When canning peaches, remember that peaches that are not quite ripe may need a little longer processing to soften them.

Postmaster Warns Of Tobacco Ban In Gifts To Italy

Postmaster William H. McCarthy announced today that the Post Office Department has received word from the Italian Postal Administration that manufactured tobacco, all forms of which are prohibited from being sent to Italy, is found in many gift parcels addressed to that country.

Postal officials urge persons sending gift parcels to Italy not to enclose tobacco because all parcels are examined by the Iatalian customs authorities and when tobacco is found in a package the addressee has to pay a heavy duty, and in addition is subject to a penalty.

Need Much Space

Cucumbers require so much space and produce such a small amount of food per unit area of land they generally are not grown in the smaller gardens. They are not only frost-sensitive, but require warm weather for good development. They are especially susceptible to various insects and diseases, so that frequent sprayings or dustings are necessary.

LEES PHARMACY
6389 Mission Street

License Renewal

The Department of Motor Vehicles announces that license renewal will be conducted from January 2 to February 4. Private passenger car owners renewing by mail should not forget to add $3 to their present fee and round the amount off to the nearest dollar. The minimum 1948 fee is $7.

First Public Memorial

First statue of George Washington—and the first public memorial of its kind in this country—was erected on the state capitol lawn in Raleigh, N. C. The general assembly hunted in vain for native talent, finally appealing to Thomas Jefferson, who advised them to buy their statue in Italy. The marble statue, by Canova, cost the taxpayers $11,000, which was a tenth of the state's revenue for the year. It was destroyed by fire in 1832, and at the time was considered the most precious work of art in the United States.

Cooled Alexander's Wine

Alexander the Great took care of his comfort by having trenches dug and filled with snow to cool his wine during his Indian campaign.

Pedestrian Safety

"Walking into the street from between parked cars is a dangerous practice," warns Bert Stewart jr., public safety director for National Automobile Club. "Pedestrians should cross only at intersections or at properly indicated crosswalks."

New England Primer

The New England Primer was an 80-page booklet, 4½ by 3 inches in size, published for the first time about 1690. For a half century it was the only elementary textbook in the colonies. Combining lessons in spelling with a catechism and lessons in the fundamentals of Calvinistic teachings, it contained also the alphabet illustrated with woodcut pictures, and pious couplets for children. The child's prayer, "Now I lay me down to sleep," was first published in the New England Primer which is considered one of the most important Colonial American cultural documents.

Rat Killer

Antu, a new synthetic rat poison, is poisonous to domestic animals but fatal to them only in large quantities.

Assure Fair Break

The machine age which emancipated the horse protects him at play. The starting gates at race tracks are controlled by electricity to insure a fair "break" for each horse.

White Card

Passenger car owners: Don't forget to bring your 1947 white registration card when you apply for renewal of your license. Also be prepared to pay higher fees. Add $3 to your present fee and round off the amount to the nearest dollar. There will be no fee less than $7.

Serve Cheese Tray and Coffee On New Year's Eve

THE 1947 New Year's Eve hostess shows generous hospitality without using meat, wheat or eggs. She serves a gala tray of cheese, fruit and potato chips along with cups of piping hot coffee near midnight. And the thoughtful hostess always asks her guests if they prefer regular coffee or decaffeinated coffee, for in every gathering there may be those with sleeping problems or tense nerves. She won't have to make a separate pot for those sheep-counters, either, for this rich, full-bodied coffee, which is 97% caffein free, now comes in the instant form, so she can make it right in the cup. It's easy to carve Happy New Year or festive bells atop a Gouda cheese, which will serve for decoration as well as refreshments.

Hot Instant Decaffeinated Coffee

Place 1 teaspoon (more or less) instant decaffeinated coffee in a coffee cup. Add boiling water and stir until dissolved. Makes 1 serving.

Café au Lait

Use 1½ heaping tablespoons decaffeinated coffee, regular grind, to each cup (½ pint) of water. Make by any method desired. Have ready a pot of hot milk. When serving, pour milk and coffee together, into cup, in equal amounts.

Keep the Windows Clean

Keep the windows as well as the windshield clean if you would avoid those countless reflections of other lights that make driving at night considerably more dangerous, advises the public safety department of National Automobile Club. For so much of this kind of annoyance the motorist has only himself to blame.

Thickens Gravies

Egg may be used to thicken some gravies and sauces in which flour is ordinarily used, but two precautions must be taken to prevent the egg from curdling rather than thickening. The first is to cook at low heat preferably over simmering, but not boiling water. The second is to pour a little of the hot mixture into the beaten egg first, and then add this mixture to the rest of the hot liquid. Never hold the gravy over direct heat after egg is added.

High Power Virus

In tests, department of agriculture experimenters found that one one-millionth of a cubic centimeter of blood drawn from a hog infected with cholera was very frequently sufficient to infect another hog with cholera—and one 2½-millionth of a cubic centimeter occasionally produced cholera. (A teaspoon holds 3.6 cubic centimeters.) Doses of one five-millionth of a cubic centimeter were not infective. Cholera virus was most abundant in the blood of artificially infected hogs on the sixth to eighth days after infection.

Quality Chest

When buying a bureau, sideboard or chest, examine the drawers. In a quality piece, you will find that the drawer bottom is set into the drawer side and re-enforced with small wood blocks glued to the underside, while the back of the drawer comes down over the bottom.

U. C. MEN FIND FOSSIL FOREST IN AFRICA

The discovery of a fossil forest in the Karoo Desert in Southwest Africa, has been made by the University of California African Expedition.

This is reported by Dr. Charles L. Camp, director of the University's Museum of Paleontology and in charge of the South African party of the expedition, in a letter to Dr. Samuel P. Welles, acting director of the museum.

The fossil forest, similar to but less colorful than the fossil trees of the Painted Desert region of Arizona, was found at Kookoveld, west of Franzfontein, Southwest Africa.

The stone logs are as much as 120 feet in length, and are as thick as five feet in diameter. Dr. Camp found several hundred stone logs in an area of 150 acres.

Baking Soda Cleans

"One of the few things about corrosion at automobile battery terminals is that the remedy nearly always is handy," declares L. G. Evans, general service manager for National Automobile Club. "The can of baking soda from the pantry is the remedy referred to in this case. Sprinkle a little of the soda on the corroded part, pour a little water on top of it, and watch the corrosion disappear. It's so easy to do that no motorist should be troubled by battery terminal corrosion."

Snake Dies Before Sunset

The not-uncommon belief that a snake never dies before sunset is untrue. The sun's position has no bearing on the condition of a decapitated snake. When his head is cut off he is simply a dead snake. Reflex action leaves the nervous system slowly, making it appear that the snake is still alive.

Seasickness Not Mental

Seasickness is not merely mental. Such would be the conclusion from navy tests comparing the attacks of mal de mer suffered by soldiers who took pills—one set of pills made of sugar and the other three containing varying percentages of a sedative called hyoscine. In moderate seas, the sugar-pill patients were eight times as likely to be seasick as those who took the hyoscine. In rough weather the protection was not so marked.

Colorado's Ore

Colorado's metallic ore deposits apparently came from deep within the earth, forced up by volcanic activity, the chemical action of vapors, and rising water solutions, and were deposited in concentrated masses in veins and faults of surface rocks.

Growth on Wool

Sponging may remove a light surface mildew growth on wool.

SUMMONS IN PARTITION

No. 43245

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

MARITA R. JENNINGS, Plaintiff, vs. WELLS FARGO BANK & UNION TRUST CO., as trustee of the trust created by the decree of distribution in the matter of the estate of John Arthur Drinkhouse, also known as John A. Drinkhouse, also known as J. A. Drinkhouse, deceased, JOHN FREDERIC WILLCOX, MARIE LOUISE PHILLIPS, MARIE L. WILLCOX, JOHN DAVID WILLCOX, MARIE ELIZABETH WILLCOX, FRED ROY DRINKHOUSE, W. J. KIRKPATRICK, RAUER'S COLLECTION CO. INC., a corporation, LOUIS SPENCER, doing business as Spencer Collection Service, STATE OF CALIFORNIA, FIRST DOE, SECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, and also all persons unknown who have or claim any interest in or lien upon the real property herein below described, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

WELLS FARGO BANK & UNION TRUST CO., as trustee of the trust created by the decree of distribution in the matter of the estate of John Arthur Drinkhouse, also known as John A. Drinkhouse, also known as J. A. Drinkhouse, deceased, JOHN FREDERIC WILLCOX, MARIE LOUISE PHILLIPS, MARIE L. WILLCOX, JOHN DAVID WILLCOX, MARIE ELIZABETH WILLCOX, FRED ROY DRINKHOUSE, W. J. KIRKPATRICK, RAUER'S COLLECTION CO. INC., a corporation, LOUIS SPENCER, doing business as Spencer Collection Service, STATE OF CALIFORNIA, FIRST DOE, SECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, and also all persons unknown who have or claim any interest in or lien upon the real property herein below described, and to all persons claiming any interest in, or lien upon, the property herein described, or any part thereof, Defendants.

YOU ARE HEREBY DIRECTED to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after the service on you of this summons — if served within this County, or within thirty days if served elsewhere.

The said action is brought to obtain a judgment and decree of partition of the following described real property:

PARCEL I

All that certain real property situate in the County of San Mateo, State of California, described as follows, to wit:

BEGINNING at a point in San Francisco Bay, 30 chains East and 20 chains South of a granite monument set on the northerly line of Section 15 in Township 3 South, Range 5 West and 30 chains West of the northeast corner of Section 15; thence along the West line of Section 14, South 20 chains; thence East 20 chains; thence North 20 chains; thence West 20 chains to the point of beginning.

Being Tide Land Lots 9 and 10 in Section 14 of said Township 3 and containing 40 acres, as shown on Map No. 1 of Salt Marsh and Tide Lands.

PARCEL II

All that certain real property situate in the City of Atherton, County of San Mateo, State of California, described as follows, to wit:

Lots 44 and 49, as designated on the map entitled "MAP OF THE SUBDIVISION OF THE POLHEMUS TRACT IN THE RANCHO DE LAS PULGAS NEAR MENLO PARK AND LELAND STANFORD UNIVERSITY," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on August 29, 1891 in Book "C" of Maps at page 64 and a copy entered in Book 2 of Maps at page 35.

EXCEPTING THEREFROM that certain triangular piece of land in the northeasterly corner of Lot 44, deeded by J. A. Drinkhouse to Peninsular Railroad Company, a corporation, by Deed recorded September 23, 1907, in Book 141 of Deeds at page 149, Records of San Mateo County.

PARCEL III

All that certain real property situate in the County of Kings, State of California, described as follows, to wit:

The Northeast Quarter of the Southwest Quarter (NE ¼ of SW ¼); the Southeast Quarter of the Northwest Quarter (SE ¼ of NW ¼); the Southwest Quarter of the Northeast Quarter (SW ¼ of NE ¼); and, the Northwest Quarter of the Southeast Quarter (NW ¼ of SE ¼), all in Section 20, Township 20 South, Range 19 East, Mount Diablo Base and Meridian, in the County of Kings, State of California.

PARCEL IV

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Van Dyke Avenue (formerly Twenty-second Avenue South) and the southeasterly line of Griffith Street (formerly "G" Street South); running thence northeasterly along said line of Griffith Street 200 feet to the southwesterly line of Underwood Avenue (formerly Twenty-first Avenue South); thence at a right angle southeasterly along said line of Underwood Avenue 300 feet; thence at a right angle southwesterly 200 feet to the northeasterly line of Van Dyke Avenue; thence at a right angle northwesterly thereon 300 feet to the point of beginning.

Being lots numbered 9 to 20 inclusive, in TIDE LAND BLOCK NO. 427.

PARCEL V

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Hollister Avenue (formerly Thirty-second Avenue South) and the southeasterly line of Coleman Street (formerly "C" Street South); running thence northeasterly along said line of Coleman Street 200 feet to the southwesterly line of Gilman Avenue (formerly Thirty-first Avenue South); thence at a right angle southeasterly along said line of Gilman Avenue 600 feet to the northwesterly line of Boalt Street (formerly "B" Street South); thence at a right angle southwesterly along said line of Boalt Street 200 feet to the northeasterly line of Hollister Avenue; thence at a right angle northwesterly thereon 600 feet to the point of beginning.

Being all of TIDE LAND BLOCK NO. 848.

PARCEL VI

All that certain real property situate in the County of Yuba, State of California, described as follows, to wit:

The East Half of the Northwest Quarter (E ½ of NW ¼) of Section 23, Township 17 North, Range 5 East, Mount Diablo Base and Meridian.

Also for general relief, as will more fully appear in the complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will apply to the Court for the relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of San Mateo, State of California, this 15 day of May, 1947

Screen Openings

All ventilation openings into pits, cellars or bank storages should be screened with hardware cloth or other gra ing, to prevent entry of rats.

Kitchen Knives

Kitchen knives soon become blunt if stored in a catch-all drawer where they knock or hammer against each other. They should be kept in a wooden wall rack or in a grooved drawer. Furthermore, don't forget that blade will lose its sharpness if it is heated in a flame or used to cut bone, metal, string or paper.

NOTICE OF FILING OF UNPAID ASSESSMENT LIST AND OF TIME FIXED FOR HEARING. HILLSIDE MANOR

NOTICE IS HEREBY GIVEN THAT ON December 22, 1947, the City Engineer of the City of Daly City, California, filed with the undersigned City Clerk of said City a complete list of all assessments unpaid, on account of the costs and expenses incidental thereto, of the construction of improvements described in Resolution of Intention No. 1947-2 adopted by the City Council of the City of Daly City on July 28, 1947, under and pursuant to the provisions of the Municipal Improvement Act of 1913, and other resolutions, notices and proceedings of said City, duly adopted and taken under said Act, reference to said Resolution of Intention being hereby expressly made for further particulars and for a description of the improvements and district therein mentioned, which Resolution of Intention and the notice of recording said assessment contained a declaration substantially in the following form:

"Notice is hereby given that Serial bonds to represent unpaid assessments, and bear interest at the rate of not to exceed six per cent (6%) per annum, will be issued hereunder in the manner provided by the Improvement Bond Act of 1915, the last installment of which bonds shall mature nine (9) years from the second day of July next succeeding ten months from their date".

NOTICE IS HEREBY GIVEN THAT Monday, the 12th day of January, 1948, at the hour of 8:00 o'clock P.M. of said day, is the time fixed by the undersigned City Clerk of said City when persons interested may appear before the City Council at the regular meeting place of said City Council in the Council Chambers in the City Hall in the City of Daly City, California, and show cause why bonds should not be issued upon the security of the unpaid assessments shown on said list.

GIRL SCOUT NEWS

Fly-Up Ceremony — New Troop Formed

When a Brownie Scout becomes ten years old she is ready to become an Intermediate Scout, and at this time she receives her wings and "flies up." At the last meeting of Brownie Troop No. 8 a very happy and memorable fly-up ceremony took place. Not only the girls but the adult members as well "flew up" and are now known as Girl Scout Troop No. 16. Brownie Troops No. 9 and No. 15 also participated in this semi-annual event.

The program opened with the salute to the flag and the Brownie song. The fly-ups were then presented with their wings by the leaders of the three Brownie troops —Mrs. Hilda Heagney and Mrs. Marie Miller of Troop No. 8—Mrs. Irene Cripps from Troop 9 and Mrs. June Boynton from Troop 15. With a few parting words from Mrs. Heagney, and after repeating their promise for the last time, the girls left the Brownie circle and formed a horseshoe for the new Intermediate Troop No. 16. The fly-ups to the new troop are Patricia Boyle, Darlene Haynes, Jo-Ann Meadows, Peggy Sorensen, Vicki Schroeder, Sheila Sullivan, Virginia Farrell, Shirley Parquer, Wilma Hathaway, Donna O'Dell and Janet Cirimele.

As the leaders were to leave the Brownie Troop and take over the new group, the girls of Troop 8 were introduced to their new leader, Mrs. Lorraine Todhunter, who recently has finished her Girl Scout training. Mrs. Hilda Heagney was then presented to her new troop as leader, and will be assisted by Mrs. Marie Miller. Two of the troop committee members, Mrs. Marie Sorensen and Mrs. Jennie Haynes, also flew up to the new troop to act as its committee. The girls took their Girl Scout promise and explained their laws. Holly corsages were presented by Brownie Troop 8 to Mrs. Heagney, Mrs. Miller and Mrs. Todhunter.

The program ended with the Brownies and Girl Scouts joining hands and singing "O Beautiful Banner."

As a fitting closing to this impressive ceremony, the adults were thanked for the part they take in scouting and were presented with "friendship" corsages of violets.

Mrs. Marie Sorensen and Mrs. Haynes have served as committee members for Troop 8 for the past two years and will now carry on in the same capacity for the new group. Troop committee members are very helpful people and of great assistance to the leaders of the troop.

Mrs. Marie Miller, or as she is called at camp, "Pee Wee," has served as an assistant leader for the past two years, in addition to acting as public relations chairman on the Girl Scout Council. She has also been a member of the established and day camp committees. The fly-ups presented her with a small set of tea napkins autographed by them as a token of their appreciation. She was then given a corsage and welcomed as their new co-leader.

And then the Girl Scout adult of the year was presented — Mrs. Hilda Heagney, or as she is better known, "Oriole." She has been the leader of this fine Brownie troop for the past five years. Mrs. Heagney has served the youth of this community for many years and is loved by all the scouts. She is a member of the Girl Scout Council, serving as finance chairman, and has served in other capacities in the past. She was instrumental in helping to form the council. Her work at Day Camp and Established Camp is well known. She was given autographed tea napkins by the scouts, and was then presented with a Brownie House in miniature, out of which flew "happiness" butterflies in the form of hair ornaments. These were presented to each scout. The girls then gave her five tiny cactus gardens which had been planted by them, in which stood a Brownie totem for each year of service. To each of these was attached a different colored ribbon — yellow for "Sunshine of her smile" — white for "Her Faith in Youth" — red for "Her Good Deeds" — blue for "Her Hope in the Future" — green for "Just Girl Scouting." She was then given a corsage carried out in the Girl Scout colors — green and yellow. Mrs. Heagney not only teaches the program but truly lives her scouting. From the members of these troops we salute such a fine leader.

The small Brownie House was then dedicated to Juliette Low, the founder of Girl Scouts, in whose memory the World Friendship Fund was established, and all present contributed pennies.

The Brownies also wish to thank Mrs. Angie Thur for her fine work as a troop committee member. She carried out all the details for this lovely gathering. Mrs. Thur is also chairman of the Camp Stamp Fund, and is always ready to lend a helping hand.

As a special guest of honor, Mrs. Peter J. Becker was present at this ceremony. She served as leader of Brownie Troop No. 7 for five years, and was the first Brownie leader in Daly City.

The scout house was very festive with its Christmas tree and trimmings. The Brownies served punch and cake and coffee to the mothers of the fly-ups. So ended a lovely and inspiring Girl Scout ceremony, which was planned and carried out with the cooperation of the girls and adults.

To all the Girl Scout troops and leaders of this community — a Happy New Year.

NOTICE OF FILING OF UNPAID ASSESSMENT LIST AND OF TIME FIXED FOR HEARING. WOODROW STREET

NOTICE IS HEREBY GIVEN THAT ON December 22, 1947, the City Engineer of the City of Daly City, California, filed with the undersigned City Clerk of said City a complete list of all assessments unpaid, on account of the costs and expenses incidental thereto, of the construction of improvements described in Resolution of Intention No. 1947-1 adopted by the City Council of the City of Daly City on July 28, 1947, under and pursuant to the provisions of the Municipal Improvement Act of 1913, and other resolutions, notices and proceedings of said City, duly adopted and taken under said Act, reference to said Resolution of Intention being hereby expressly made for further particulars and for a description of the improvements and district therein mentioned, which Resolution of Intention and the notice of recording said assessment contained a declaration substantially in the following form:

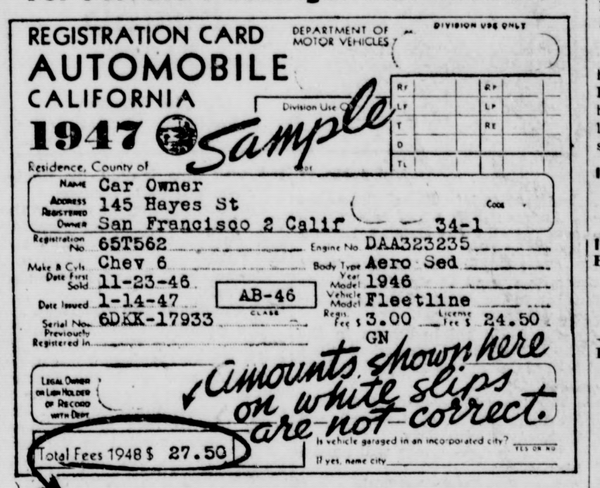
"Notice is hereby given that Serial bonds to represent unpaid assessments, and bear interest at the rate of not to exceed six per cent (6%) per annum, will be issued hereunder in the manner provided by the Improvement Bond Act of 1915, the last installment of which bonds shall mature nine (9) years from the second day of July next succeeding ten months from their date".

NOTICE IS HEREBY GIVEN THAT Monday, the 12th day of January, 1948, at the hour of 8:00 o'clock P.M. of said day, is the time fixed by the undersigned City Clerk of said City when persons interested may appear before the City Council at the regular meeting place of said City Council in the Council Chambers in the City Hall in the City of Daly City, California, and show cause why bonds should not be issued upon the security of the unpaid assessments shown on said list.

B. C. ROSS
City Clerk of the City of Daly City

(Pub. Jan. 1, 8, 1948.)

Here's How to Figure Total 1948 Fees For Private Passenger Automobiles



YOU WILL PAY A DIFFERENT AMOUNT than the figure typed in the lower left corner of your 1947 registration card, the "white slip," when you renew your private passenger automobile license for 1948. New laws changed the amounts after the slips were issued.

TO COMPUTE the "Total Fees 1948" for your passenger car, add $3 to whatever amount is shown in the lower left corner of your 1947 "white slip" and bring that total to the nearest dollar (50 cents or less is dropped; above 50 cents is brought to the next higher dollar). In the sample above, "Total Fees 1948 $27.50" becomes $30.00.

THE MINIMUM fee now set by law is $7. Car owners whose slips show $3.40 or $3.50 as "Total Fees 1948" must pay that minimum.

THE STATE DEPARTMENT OF MOTOR VEHICLES and the California State Automobile Association have issued this sample to simplify the situation for motorists. You need to figure the fee only if you intend to renew passenger car registration by mail. Clerks will compute correct fees for owners applying in person.

THE PERIOD FOR RENEWAL is January 2 to February 4, 1948, after which penalty fees are added. Passenger car owners use current "white slip," showing correct address, as renewal application. Commercial vehicle, trailer and motorcycle owners will receive from Sacramento potential registration cards in duplicate (to be used as application) showing their correct registration fees for 1948.

Orchids For $2 At Geneva Florist December 31

Have you ever heard of the sale of full-blown, queenly orchids at the price of two dollars each—elsewhere than in their tropical birthplaces?

You will December 31, when Orlando Poletti, proprietor of the Geneva Florist, 910 Geneva, puts forth his stock of the sultry blossoms at that very price — as a New Year's gift and a bid for lower prices.

The value has been made possible, Poletti said, by an arrangement between the Geneva Florist and its orchid growers.

To guarantee against disappointment, the florist added, customers would be wise to make their orders known before the supply runs out.

Catholic Ladies' Aid Whist Party Wednesday

The monthly whist game sponsored by Catholic Ladies' Aid Society of St. Michael's Parish will be held at 2 p. m. Wednesday, according to Mrs. Ina Buedholz, president.

Committee for the affair will include Mrs. N. Wallace, chairman, Mrs. M. Quinn, Mrs. S. Salisburg, Mrs. Sutherland, Mrs. Vunbaco and Mrs. B. Wagar.

Off The Blotter

Two thefts were handled through the Daly City Police Department during the days before Christmas last week.

In the first, an eight milimeter camera valued at $87.50 was taken from the store at 6299 Mission street owned by Ted Hopman. The proprietor said the robbery occurred between 5 and 6:30 p. m. Monday.

An undetermined amount of home furnishing samples was stolen from the car of George Iverson, San Francisco salesman, while it was parked in his driveway.

Iverson told police he found the wing on the left window of his car forced. He said the loss was "considerable," but could not yet determine the exact value.

A young boy sustained cuts and bruises on his face and legs in an accident at Vista and Niantic avenues. The mishap occurrred when he crashed his bicycle into a moving car. He was treated at Junipero Serra hospital.

Later i nthe week, two men were jailed by local police on charges of drunk driving. Vester J. Jobe, of San Bruno, and Charles H. Eiseker, of San Francisco, were the offenders.

Giacomo Gambotto

Funeral services were held last Saturday for Giacomo Gambotto, 85, who died Christmas day after a lengthy illness.

The octogenarian, who made his home on 91st street in Colma, was the husband of the late Domenica Gambotto; father of Mrs. Caterina Giusti, Mrs. Peter Nannini and Giacomo Gambotto jr.; brother of Paul P. Gambotto, and grandfather of eight grandchildren.

Services were held from the W. C. Lasswell Mortuary, with mass in the Holy Angels church and interment in the Holy Cross cemetery.

Cardigan Sweater

If your teen-ager's pullover sweater is much too snug fitting this season, cut it down the middle front, catching the threads on the sewing machine so the sweater won't ravel. Bind the edges with white or matching grosgrain ribbon. The result? An attractive and practical cardigan

Juicing Citrus Fruits

For easier juicing of citrus fruits, particularly lemons, roll the fruit under the pressure of the palm of the hand before cutting it, food specialists suggest. The rolling pressure breaks down and loosens the connective tissues inside the fruit, making the juice run more freely when it is squeezed or reamed Fruit at room temperature is somewhat easier to juice than that which has been chilled in the refrigerator because it is not quite so firm.

DDT Not Dangerous

Hesitancy to use DDT because of its hazard to health is, in most instances, unjustified. When used according to recommendations, DDT insecticides are not dangerous—except to the insects. They are actually less dangerous than such common insecticides as lead arsenate, paris green, sodium fluoride or nicotine. One should always, of course, handle insecticides of any kind with care.

Keep Coffeemaker Clean

Keep the coffeemaker scrupulously clean. It should be washed with hot suds and scalded every time it is used. This would indicate, too, that it's a waste of coffee to make a large potful to be used for several days. Warmed-over coffee is bitter and unpalatable.

Wine Industry

The American grape growing and wine industry was founded in Cincinnati by Nicholas Longworth in 1823. Seventeen years later vineyards were established on the Lake Erie islands and the nearby shores of the mainland and proved to be superior to the older plantings in the southern part of the state

Freezing Juices

A precaution to be observed when freezing juice of any kind in bottles is to lay the bottles flat during freezing so that the juice will have more room for expansion as it freezes.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Vol. 1, No. 17

Assistant Chief Silicani Succumbs

Assistant Fire Chief Albert Silicani passed away Sunday, December 28, at 12.

Chief Silicani suffered a heart attack around 11 o'clock and was taken to the Junipero Serra Hospital where he expired.

Chief Silicani had been in the Daly City Fire Department since part of Colma was annexed to Daly City.

Services will be conducted at the Mortuary of W. C. Lasswell and Company in Daly City.

The fire department will mourn his passing.

Serious Fire December 20th

One of the most serious fires in Daly City during 1947 occurred December 20 at 154 San Diego avenue.

A fire of undetermined origin started Saturday morning at San Diego avenue. The fire was discovered by the owner when she returned after visiting friends close by. She sounded the alarm at 11:50 a. m. and rushed back to the house to get her dogs out. Five of the six dogs were dead when the fire department arrived. The lady was burned slightly. First aid was given by Fireman Dean Wood.

The most damage occurred in the kitchen, back porch and dining room. The rest of the house was damaged considerably by smoke.

Company No. 1 had a chance to try out its new AirPack gas mask, which worked to perfection. Fireman Bill Brush used the mask for the first time in Daly City and was able to stay in the house without any ill effects where the other firemen had to leave the house because of the heat.

During the fire the house next to 154 was also ignited by flames which caused slight damage.

The fire fighting was under the direction of Fire Chief Kennedy and Assistant Chiefs Bodien and Gus Ford.

Companies 1, 2, and 4 responded to the call.

New Gas Mask For Fire Dept.

The Board of Fire Commissioners purchased a "Scott Air Pack" gas mask for Company 1 last week, with this new mask the firemen will be able to go into any type of gas or smoke filled building. The mask has its own air contained in a cylinder carried on the back of the fireman. The cylinder contains enough air for one hour operation and can be changed in a few seconds to a full one.

Several masks were tried out by the fire department before it was approved by the fire commission. The other masks used oxygen, and they were found unsatisfactory for this type of fire department, where men over 50 years of age may be called on to use the mask, because too much oxygen is bad for the heart.

Fire Department Spreads Yuletide

The Daly City Fire Department with the cooperation of the school glee club spread Yuletide throughout Daly City Monday night, December 22.

The fire department was represented by Captain Tom Joyce of Company 1, Captain Fred Mather of Company 4, Archie Banfield and Mel Hanson of Company 1.

Miss Muriel Mooney was chaperon for the girls and also lead the singing.

The girls sang many Christmas carols throughout Daly City, also visiting Villa Sanitarium and Junipero Serra Hospital.

1948 Convention

The California State Firemen's Association announced the location of their 1948 convention.

"The beautiful City of Santa Cruz, approximately 75 miles south of San Francisco, will be the locale for the 1948 Convention."

First Volunteer Fire Department

The earliest volunteer fire department on record in this country was organized in New York by Peter Stuyvesant in 1659. Leather buckets and a supply of hooks and ladders were purchased at this time.

We Wonder

Down in the Bob Burns country they have their own conception of what constitutes intoxication. In a small community, one Sunday morning, a man was found lying apparently unconscious in the middle of Main street.

"He's drunk," ruled the sheriff, "I'd best lock him up."

"Oh, no," interrupted a spectator, "He ain't drunk. I just seen a finger move."

Engaged

Muriel Mooney Tells Troth To Tom Jones

On the third finger of her left hand, Miss Muriel Mooney, daughter of the E. J. Mooneys of Daly City, wears a sparkling diamond—token of her betrothal to Thomas Braxton Jones.

The young couple's engagement was revealed to friends recently at a Christmas party given by Mrs. John Pitcher, sister of the bride-elect, in her Burlingame home. Thirty folk dancers of Miss Mooney's recreation class received the news in the form of engraved announcements contained in small Christmas packages.

Highlight of the holiday decorations was a mammoth engagement cake, frosted with camellias and inscribed with words of congratulation to Muriel and Tom.

The couple has made tentative plans for a spring wedding.

Muriel, chief clerk in the Daly City Water Company office, is a graduate of Jefferson High school and San Mateo Junior College. She is a member of Beta Gamma chapter of Beta Sigma Phi, business women's sorority.

The future benedict, son of W. T. Jones of Daly City, and the late Mrs. Jones, was educated in Dallas, Texas schools. His service record includes three years overseas with the infantry.

District Attorney Repudiated In Fickeisen Suit

The San Mateo County Civil Service Commission last week repudiated assistance by the district attorney's office and decided to hire private counsel in handling the appeal for reinstatement by John W. Fickeisen, dismissed health department chief sanitarian.

The commission annuonced it had hired Paul A. McCarthy, city attorney of Belmont, to submit to Superior Judge Andrew R. Shottky his findings on the Fickeisen case.

Courthouse spectators opined that the change was made due to rejection by Judge Shottky of the district attorney's submitted findings, which failed to uphold the dismissal.

District Attorney Gilbert D. Ferrell, after a lengthy discussion with the commission, stated he had not admonished the commission officially to "make a deal" with Fickeisen, as was rumored, but that he did advise them to reinstate the sanitarian if he agreed to drop suits and resign later, to clear his name.

The case originated last spring, when Frederick Peterson, county executive, ordered Fickeisen dismissed for allegedly using county property from Canyon Sanitorium for his own purpose.

Fickeisen brought suit after the commission had turned down his appeal for reinstatement.

Corrals for HORSEPOWER

Electricity comes flowing down the high lines as untamed bulk power at 220,000 volts. It surges into substations in an endless stampede of electrical horsepower. There it is converted, transformed and switched into our widspread distribution network, tamed and usable.

At 240 to 2400 volts it runs great motors in shops and factories; operates irrigation pumps—turns wheels of industry everywhere in the area we serve.

At 110 volts it lights lamps, energizes and runs clocks with a mere trickle of electricity.

From one end of its vast interconnected system to the other this Company is building new giant substations and enlarging present installations.

We are moving as fast as complicated switching equipment and banks of transformers can be made ready, delivered and installed.

What we are doing represents an expenditure of more than Sixty Million Dollars – $60,000,000 for the construction and improvement of substations that will control and handle the 1,000,000 additional horsepower destined for distribution throughout Northern and Central California.

350 MILLION DOLLAR CONSTRUCTION PROGRAM
1,000,000 ADDITIONAL HORSEPOWER

new telephone rates

New telephone rates will go into effect with the next telephone bills, beginning with those dated January 1, 1948. Increased costs reduced the earnings of this business in California to a point far below even the minimum generally conceded as necessary. These rates were approved by the Public Utilities Commission of the State of California on an interim basis after extensive hearings in the eleven-month period which has elapsed since the filing of our application in February, 1947. The rates, to be in effect in the interim, until final rates can be established, are essential in order that our ability to provide the service the public demands be not impaired.

In asking our customers to pay more for service, we are not seeking large profits. Our policy with respect to earnings and service will continue to be: to render an ever-improving telephone service at a cost as low as is consistent with financial safety and fair treatment to employees.

Representative New Monthly Rates for San Francisco - East Bay

RESIDENCE SERVICE		BUSINESS SERVICE
1 Party . . .	$4.25	$5.00 allowing 85 out-
2 Party . . .	$3.25	going calls; additional
2 Party		calls 3½c each.
Message Rate	$2.50 allowing 60	
outgoing calls; additional calls 3½c each.		
Suburban . .	$3.50*	Suburban . . $4.75

*No Change

The initial period for interzone messages between San Francisco and the East Bay cities is reduced from five minutes to three minutes, and the overtime period from three minutes to two minutes.

There are also some increases in night and Sunday station-to-station long distance rates between 65 and 330 miles, effective January 1.

Complete information regarding the new rates may be obtained at our business office.
